- Measure 7 rounded teaspoons of tea into the carafe.
- Add 40 ounces of fresh, cold, filtered water.
- Place filtered lid on carafe.
- Store the Biasca in refrigerator for 5 to 6 hours as it brews, stirring once or twice during that time.
- The Biasca's lid strains the tea leaves as you pour directly over ice to serve. Sweeten with simple syrup if desired.
- Makes 46 ounces, or 7-8 servings.
